

Insurance Cover

Boxing ACT maintains insurance cover with insurer SportsCover as below:

Sports Injury/Personal Accident cover for boxers, coaches, referees and judges.

This provides limited benefits in the event of death, disability or injury occurring during boxing events arranged or sanctioned by Boxing ACT. This includes when taking part in training, or competing; when travelling to/from a training session, competition, social event or administrative activity, or when staying away from home for such purposes; and when involved in fundraising or volunteer activity.

For injury, there is a maximum of \$2000 payable for non-Medicare medical and dental treatment. Loss of earnings is covered for 75% of weekly income to a limit of \$350 per week.

Professional Indemnity cover for coaches, referees, and officials incl first aid personnel.

Provides indemnity against legal liability claims arising from a breach of professional duty, errors, or omissions, in connection with the sport. Limit 5 million dollars.

Sports Public Liability cover for the association.

Provides cover for legal liability to pay compensation to third parties because of personal injury or property damage in connection with the association's activities. Limit 20 million dollars.

Restrictions:

These policies provide cover ONLY for incidents that occur during the period of insurance. Coaches and boxers who are not a financial member at the time of an incident, and are therefore uninsured, can not make a claim in respect of that incident. For coaches in particular, we strongly suggest you renew your annual membership of Boxing ACT PROMPTLY at the end of each calendar year.
